Moving learning on line

Currently being delivered online this course will introduce learners to the various different learning models for online learning and help participants focus on a learner-centred approach. You will be supported in understanding how to successfully move your classroom-based learning programmes to online delivery. The course will cover:

- online facilitation skills
- understanding barriers to participation and how to overcome those barriers
- Supporting learners to understand Inclusivity and Accessibility
- an overview of appropriate online learning platforms covering both free to access publicly available platforms and private platforms - looking at the pros and cons

Learners: Those looking to learn more about the move to Online and Blended learning

Duration: Flexible. Typically 8 – 16 hours

Tailored workplace learning: To discuss how this course could be tailored to meet your needs and get a quote for course delivery, please email Archie Campbell a.campbell@wea.org.uk or Janice Wimpenny j.wimpenny@wea.org.uk or call **0131 226 3456**.
