

Manage your budget

WEA Adult Learning
Within Reach

Manage your budget

Currently being delivered online this short course supports learners to improve their knowledge of how to plan and manage their family budget. In the current challenging economic climate there is more demand than ever for this practical session.

Participants will get advice about how to stop wasting unnecessary money every month and find out more about how to talk to children about money. The session can be tailored to the specific group and we would look to discuss requirements prior to delivery in order to meet the needs of each participant.

Learners: Those looking for advice on personal and family budget management

Duration: Flexible. Typically half-day

Tailored workplace learning: To discuss how this course could be tailored to meet your needs and get a quote for course delivery, please email Archie Campbell a.campbell@wea.org.uk or Janice Wimpenny j.wimpenny@wea.org.uk or call **0131 226 3456**.
